Patient Satisfaction

2018 Outcomes Measures

PATIENT SATISFACTION

4.79/5.0 ★★★★★

The therapy groups were helpful to me.

I feel better now than when I was admitted.

Overall, I was very satisfied with my treatment.

I would recommend this facility to someone needing treatment.

On a scale of 1-5 with 5 being "strongly agree." Scores are based on a percentage of positive responses from patients offering their opinion for the given timeframe.

Specialized Education Program

We take education seriously. Each patient is provided with a personalized learning plan designed to meet each patient where they are when admitted. The learning plans help patients prepare for a seamless transition back to their traditional school environment.

Through individualized instruction, patients have curriculum options that include direct instruction, remediation, credit recovery, online learning and post-secondary opportunities.

In 2018, our youth with an average stay of six months achieved the following:

0.75 Math grade level improved

1.45 Reading grade level improved

Five GEDs earned (a total of 31 GEDs have been earned since 2016)

PATIENTS IN OUR CARE

905 Admissions to Inpatient and Residential Programs

38,145 Patient Days

PATIENT DEMOGRAPHICS

Age Distribution

We are proud of our high patient satisfaction scores.
